Fellowships & Grants

Fellowships

2021–2022 **CTE Faculty Fellow**

As a faculty fellow at the Center for Teaching Excellence (F21, S22, F22), I supported our faculty through professional development opportunities on various topics (e.g., Scholarship of Teaching and Learning (SoTL), online teaching, inclusive pedagogy, high-impact practices). I prepared programming that will enhance pedagogy across the university. The selection to the program included a 3 credit release per semester and an annual stipend (\$2500 per year).

2019–2022 **University Research Scholar**

Appointment as a URS is intended to enhance the competitive position of faculty to secure external funding to continue their work. With this recognition, the University of New Haven provides additional support for University Research Scholars to develop preliminary results that will make subsequent grant proposals successful. This support includes both partial teaching workload release during the three academic years of the designation and a modest recovery (\$4000 per year) of ancillary research expenses.

2015–2016 **Project NExT Fellow**

A professional development program of the MAA for recent Ph.D. graduates. Fellows attended panels, workshops, and talks to build skills in research, teaching, and undergraduate research. A mentoring and networking component is also included.

2008–2013 **Foundation Fellow**

A five-year scholarship (\$ 5000 per year) program at the University of Oklahoma for Ph.D. students in addition to the regular tuition waiver and the monthly stipend.
